Education

RTC Institute of Technology   *Aug, 2018 - Jun, 2022*

- B.Tech in Information Technology
- CGPA: 8.23

Skills

- React Js
- Tailwind CSS
- Redux Toolkit
- HTML
- CSS
- React Native
- Node Js
- PostgreSQL
- Firebase

Major Projects

Property Tax Management Systems

- Developed comprehensive **dashboards, admin panels, and citizen panels** for the "Property Tax Management" project, catering to the requirements of **JUIDCO** (Jharkhand Urban Infrastructure Development) and **AMC** (Akola Municipal Corporation).
- Executed **web and Android platform** responsibilities, ensuring seamless integration of features such as multilevel roles, workflows, and field verification capabilities.
- Utilized technologies such as **React.js, Redux Toolkit, Tailwind CSS, and React Native** to implement responsive and user-friendly interfaces, enhancing accessibility and usability

Fines and Penalties

- Developed project for **JUIDCO** (Jharkhand Urban Infrastructure Development), **aimed at addressing issues or violations** related to traffic violations, neighbor disputes, garbage mismanagement, and other social infractions.
- Created both **web and android applications**, equipped with multilevel roles to ensure efficient management and resolution of various types of incidents.
- Utilized technologies such as **React.js, Tailwind CSS, and React Native** to implement responsive and user-friendly interfaces, enhancing accessibility and usability for all stakeholders.

Naxatra News

- Developed the project facilitating **real-time news dissemination and management**.
- Created web and android applications catering to **citizens, reporters, and administrators**, enhancing accessibility and usability.
- Constructed an efficient admin panel to enable seamless news management and publication.
- Leveraged technologies including **React.js, Tailwind CSS, React Native, Node.js, and PostgreSQL** to ensure robust functionality and performance.
